Ranch Riding (formerly Ranch Horse Pleasure)

The purpose of Ranch Riding should stimulate a horse riding outside the confines of an arena and the horse should reflect the versatility, attitude, and movement of a working horse. This class is judged on the horse's ability to work at a forward working speed while performing the required and optional maneuvers. The required maneuvers are the walk, jog, and lope (both directions). The extended trot and extended lope at least one direction as well as stops, back and one change of direction. The optional maneuvers are side pass; turns of 360 degrees or more; change of lead (simple or flying); walk, jog or lope over poles or other reasonable maneuvers a ranch horse could perform. Scoring is on a 0–100-point scale with 70 denoting an average performance.
